

# MISSION TO THE MOON

SARA AND ALI ARE PLAYING STAR SAILORS\* ON A TOP SECRET MISSION TO THE MOON.

AS THEY FLY THROUGH A SEA OF STARS, SARA TELLS ALI THAT THERE ARE MORE STARS IN THE SKY THAN THERE ARE GRAINS OF SAND ON EARTH.

WITH A SUCCESSFUL MOON LANDING, THE TWO STAR SAILORS JUMP AND TWIRL IN ZERO GRAVITY.

THERE IS NO WIND, SO THEIR FOOTPRINTS WILL LAST FOREVER ON THE MOON'S SURFACE.

\* Did you know the word 'astronaut' comes from the Greek origins of Star (astron) and Sailor (nautes)?
