

# SOMETHING OLD, SOMETHING NEW!

SARA AND ALI ARE LOOKING AT THEIR CLOTHES. THEY'RE UPSET BECAUSE THEY TORE HOLES IN THEM WHILE PLAYING OUTSIDE. ALI HAS TWO HOLES IN HIS TROUSERS AND THEY BOTH HAVE HOLES IN THEIR SHIRTS.

THEIR COUSIN DANA WALKS IN. "WHAT ARE YOU GUYS DOING?"

SARA AND ALI SUDDENLY REMEMBER THAT DANA WANTS TO BE A FASHION DESIGNER, SO THEY TELL HER ABOUT THEIR RUINED OUTFITS.

"THEY'RE NOT RUINED! WHEN WE'RE SUSTAINABLE, WE CAN ALWAYS TURN SOMETHING OLD INTO SOMETHING NEW"

DANA TAKES THE TWO SHIRTS AND STITCHES THEM TOGETHER, THEN TAKES THE EXCESS AND PATCHES UP ALI'S JEANS.

THE SIBLINGS ARE SO EXCITED! THEY HAVE COOL NEW OUTFITS TO WEAR TO PLAY.

We believe in a zero-waste lifestyle! With a little creativity, everything can be UNWASTED. The fashion industry currently consumes a lot of energy and produces a lot of waste. We can help reverse the process by buying less, choosing well, and making our clothes last longer. Show us your sustainable practices by tagging #QatarReads.
